

Volunteering offer

Youth around the world !

Maison Familiale et Rurale - Loudéac, France

Project description

The Ligue de l'enseignement organization (Brittany, France), is the coordinating structure of « Youth around the world » project proposed by the Maison Familiale et Rurale of Loudéac (MFR) that is a private non-profit association located in Brittany. The MFR provides professional trainings in the areas of agriculture, services to people and forestry and welcomes around 250 students each year.

The main tasks of the volunteer will be :

- 1- Accompanying the mobility of the students : contacting companies, organising trips, raising awareness of the issue of mobility, creating a project to talk about an experience abroad, etc.
- 2- Propose actions to promote international mobility through the MFR's activities for young people: intercultural meals, games, events, Europe Day, etc.

Accommodation, food and transport arrangements

The MFR de Loudéac, in collaboration with the Community of Loudéac, could offer an accommodation in a residence that belongs to the Community of Loudéac. This accommodation will be furnished and equipped with a small kitchen.

If for any reason, access to this accommodation would not be possible, the MFR de Loudéac has a single room at the boarding school equipped with a bed, a wardrobe, a television and internet access.

All meals (morning, midday, evening) from Monday to Friday can be taken at the MFR free of charge for the ESC. We will offer to provide a bicycle for the daily travel of the ESC.

Several trainers would like to participate in the integration of the ESC by making it discover Brittany through their centres of interest. Of course, these activities will take place after discussion with the ESC.

Training during the project

At the beginning of the course, the ESC will have an interview with the team of tutors in order to set the objectives but also to hear their expectations.

The ESC will have an office next to the Mobility tutor. The volunteer will also have a computer with internet access for professional purposes:

- carrying out missions related to the contract
- deepening of the personal project

A presentation to the entire team at one of the weekly meetings.

Formal time with the tutors will be dedicated to the writing of the Youthpass and the monitoring of learning achievements.

Volunteer profile

In order to make this experience rich, we would like the ESC to be dynamic and open to others (and more specifically to adolescents and young adults). It will want to share its culture, language and heritage with students and will therefore be able to open a dialogue with them.

He/she will also be able to work independently and use a computer.

Activity Dates

A total of around 9 months during the period around 15/10/2020 to June 2021.

Activity Location

MFR de Loudéac, 31 rue Anatole Le Braz, Loudéac, Brittany, France
