

Volunteering offer

Youth for the future !

CFA –CAMPUS DE L'ARTISANAT Bretagne Centre

Ploufragan, Brittany, France

Project description

The Ligue de l'enseignement (Brittany, France) is the coordinating structure of "Youth for the future" project proposed by the professional training center of Ploufragan (CFA –CAMPUS DE L'ARTISANAT). Within the professional training center, the volunteer will have the opportunity to help the trainees to develop their professional projects and to give them the means to achieve them. Through his or her missions, the volunteer will also contribute to the training center's sustainable development project:

- 1- By accompanying the students in the realization of their final year project which is on the theme of sustainable development.
- 2- By discovering the work of the local and ecological association "Asso Vert le Jardin". After that; the volunteer will be able to sensitize and inform the students on sustainable development, by setting up workshops discovered thanks to the association.
- 3- By creating a file on the theme of sustainable development within the European Union. The volunteer will be able to promote European citizenship by talking about the issue of sustainable development.

Accommodation, food and transport arrangements

The volunteer will stay at the young workers' home in Saint-Brieuc or at the CFA boarding school in

Ploufragan. This will allow him or her to stay with other young people.

-At the CFA boarding school in Ploufragan: a single room.

-At the young workers' home at the Igloo in Saint-Brieuc: individual room, bedside table, chair, wardrobe, shelf, TV socket, equipped with individual sanitary facilities (washbasin, shower, WC), laundry, collective kitchen, collective living space, internet connection, two-wheeler room, car park, multi-media space, night watchman.

The young volunteer will be able to eat lunch and dinner at the CFA's school restaurant on weekdays. All arrangements will be made so that the volunteer can travel around the Saint-Brieuc area: a bicycle will be provided and a bus pass at a reduced rate.

Training during the project

Two people will be in charge of the accompaniment of the volunteer within the CFA : one of them will be more particularly in charge of aspects related to everyday life. Both of them will also be in charge of the tasks and organization related to the mission.

The administrative aspects will be managed by the tutor in the coordinating structure.

Volunteer profile

Volunteers must be serious, motivated and dynamic, who is able to share and communicate with the young people he or she will have to deal with on a daily basis on the themes of the environment and citizenship, while at the same time demonstrating creativity.
